

## The "Baby Welcome Package" of the City of Dessau-Roßlau

### A special welcome greeting for the families of our city!

A new family member is born or is already there. Families want a good start in life for their baby. The first days after the birth, the first direct eye contact, the first word...- these special moments make parents proud and happy.

The city of Dessau-Roßlau gives families to the birth of their child the "Baby Welcome Package". The package includes:

- A welcome money of 125 €.
- An information conversation about offers for families with children from 0–3 years.

Parents can apply for the package. The children have to live with their parents in Dessau-Roßlau and have not yet completed their first year of life.

You will also get a welcome bag with a small gift for your child and for you, a development calendar "Your child discovers the world", a family guide with offers for children aged 0-3 years.

### Are you interested in the „Baby Welcome Package“?

Then please call the Early Help Centre beforehand. You can discuss everything further with Mrs. Schilling at the phone number 0340 2041282.

**Please bring your child´s certificate and your identity card to the appointment.**

You can also get the baby welcome package at your home. With the birth certificate you get a welcome card from the registry office. On this welcome card you can write your wish for a welcome visit, including your telephone number. Ms Schilling will then call you and make an appointment.

(Note on social data protection: If you send the welcome card to the Early Intervention Centre, please lock the card with an adhesive strip).
